- a. Individual
- b. Position
- c. Benefit
- d. Otherwise

B. Read the texts on the following pages. You will find a word or phrase missing in some of the sentences. Below each of the sentences, four answer choices are given. Select the most appropriate answer to complete the text.

In the year 1900, divers off the coast of the Greek island Antikythera discovered an amazing

16. _____. Once they brought it to the surface and washed off the sticky

- a. dinosaur
- b. artifact
- c. footprint
- d. pyramid

17. _____, they couldn't believe what they had found—a mysterious, ancient

- a. track
- b. base
- c. coal

d. mud

machine. In 18. _____ to other artifacts discovered from that time, this

a. cooperation

b. comparison

c. competition

d. combination

one was far more complex. It had at least thirty gears working together. After years of careful examination, scientists now know the machine was made by ancient Greeks to keep track of various time cycles, such as for planets and even for the Olympics. Recently, divers have returned to the

19. _____ where the Antikythera Mechanism was found.

a. area

b. goal

c. sailor

d. shadow

They want to find more amazing discoveries.

Many 20. _____ are good at one sport, but how many are good at

a. astronauts

b. geologists

c. athletes

d. mermaids

several different sports? People who 21. _____ in biathlon, triathlon,

a. sacrifice

b. benefit

c. compete

d. survey

pentathlon, and decathlon races must excel in two, three, five, or ten different sports! A biathlon is an interesting 22. _____ of cross-country skiing and rifle shooting. Triathlons

a. combination

- b. position
- c. wrestling
- d. goal

bring together running, bicycling, and swimming. Pentathlon and decathlon competitors must train in many different 23. _____ events, from running to jumping to throwing

- a. gymnastics
- b. fragile
- c. gullible
- d. track

the javelin.

In America in the 1930s, some men began selling jackalopes to 24. _____

- a. anthropomorphic
- b. gullible
- c. competitive
- d. sticky

tourists. Jackalopes had rabbit bodies and antelope horns. They were made with the skin and

25. _____ of rabbits. Then, the horns—or sometimes deer antlers—were attached with

- a. goals
- b. bones
- c. shells
- d. helmets

26. _____. Although they have grown 27. _____ with

- | | |
|---------------|--------------|
| a. sailors | a. fragile |
| b. sacrifices | b. gymnastic |
| c. spacecraft | c. otherwise |
| d. wire | d. along |

age, many of these original jackalopes can still be seen in museums and other tourist attractions.

One of the most famous examples of 28. _____ is “the man in the moon.”

- a. anthropomorphism
- b. mermaids
- c. astronauts
- d. surveyors

This “face” seen on the surface of the moon is actually formed by large craters and their

29. _____. When a(n) 30. _____ flew around and then landed on the

- | | |
|-------------|---------------|
| a. pyramids | a. sailor |
| b. screams | b. athlete |
| c. tails | c. spacecraft |
| d. shadows | d. artifact |

moon in the 20th century, only the craters were observed. There was no moon man.

C. In this part of the test, you will read a selection of texts, such as magazine and newspaper articles, letters, and advertisements. Each text is followed by several questions. Choose the correct answer to each question.

Summer Dinosaur Camp

Interested in rocks, dinosaurs, and history?

Sign up now for your spot in Badlands National Park’s Summer Dinosaur Camp.

The camp is open for students aged 13-16 and runs from July 15-22. The program starts at 9 am and goes until 3 pm, Monday to Friday.

Students will attend lectures by expert geologists. They will get hands-on tours of important sites in the park, including dinosaur footprints and excavations of dinosaur bones, as well as of coal and other rock deposits. Students will even get to examine the remains of an ancient Lakota village and study artifacts like arrowheads and pots.

Registration closes on June 15, so visit our website today: bnpdinocamp.com

31. Who is this notice for?

- a. Expert geologists
- b. Teen students
- c. Dinosaurs
- d. Park rangers

32. When is the latest time to register for the camp?

- a. June 15
- b. 3 pm
- c. July 15
- d. July 22

33. What is mentioned in the notice as a type of artifact?

- a. Dinosaur footprints
- b. Coal
- c. Bones
- d. Pots

Notice: Team Tryouts This Friday!

Hawthorne High School is pleased to announce tryouts for the following sports teams:

Girls' Track

Time: 3:20

Place: football field

Note: Bring appropriate shoes and clothes for running and jumping.

Boys' Track:

Time: 5:00

Place: football field

Note: Bring appropriate shoes and clothes for running and jumping.

Girls' Wrestling

Time: 5:00

Place: Gym B

Note: The school will provide uniforms, but students must bring appropriate shoes and headgear.

Boys' Wrestling

Time: 3:40

Place: Gym A

Note: The school will provide uniforms, but students must bring appropriate shoes and headgear.

Principal Zhang encourages all student athletes to learn about cooperation and sacrifice by joining the school sports teams.

Go Hawks!

34. Where would this notice likely be posted?

- a. In a shoe store
- b. Outside a school office
- c. In an exercise magazine
- d. On a football website

35. What should girls bring to the track tryouts?

- a. Money for uniforms
- b. A football
- c. Running shoes
- d. A helmet

36. What time are the tryouts for the boys' wrestling team?

- a. 3:00
- b. 3:40
- c. 5:00
- d. 5:20

37. Why does the principal want students to join sports teams?

- a. So the students can learn to work together
- b. So the school can get more money
- c. So the students will get higher grades
- d. So the school can use its football field

From: Nicole Lemaire <niclem@yahow.fr>

To: Olga Tereshkova <olgat@roscosmos.ru>

Date: May 21

Subject: Questions

Dear Ms. Tereshkova,

My name is Nicole Lemaire, and I want to be an astronaut like you one day. I hope you will answer some questions for me.

First, what was the best thing about going into space?

Second, what was the worst thing about being in space?

Third, what do you have to do to become an astronaut?

Thank you,

Nicole

From: Olga Tereshkova <olgat@roscosmos.ru>

To: Nicole Lemaire <niclem@yahow.fr>

Date: May 22

Subject: RE: Questions

Dear Nicole,

I was glad to hear from you, Nicole. I really want to encourage young girls to study science and space. I am happy to answer your questions.

1. The best thing about being an astronaut was seeing Earth from space. From our position in orbit, it looked like a beautiful blue ball. I could even see the pyramids in Egypt. They looked so small from space.

2. The worst thing about being in space was probably wearing a big helmet. And the food was not the best, either.

3. To become an astronaut, you must study hard—especially math and science. And you must be in good shape, so I recommend you eat a healthy diet and exercise every day.

If you have any other questions, please email me again.

See you in space some day!

Olga Tereshkova

38. Who is Olga Tereshkova?

- a. A student
- b. A teacher
- c. An astronaut
- d. An astronaut's wife

39. What can be inferred about Nicole Lemaire?

- a. She knows a lot about space.
- b. She has been to space many times.
- c. She is not a good student.
- d. She has never been to space.

40. What does Olga want young girls to do?

- a. Travel to Egypt
- b. Study French and Russian
- c. Wear helmets
- d. Study science and space
